### III. ALIGNMENT WITH THE INVESTMENT STRATEGY

The Investment Profile identified above is necessary to ensure that it matches the Policyholder's Investment Strategy (which term includes the selected Fund allocation, investment strategy of an Internal Dedicated Fund and/or asset allocation of a Specialised Assurance Fund).

The Policyholder understands that his/her personal situation may change and thus the answers provided in the Questionnaire may also change. The Policyholder undertakes to inform the Insurer immediately about such change(s), which might affect the Investment Profile.

The Policyholder declares that the information was obtained using clear, precise and fully comprehensible questions and that the Insurer has provided him with all the information needed to give informed answers to the questions asked.

The Policyholder acknowledges the content of the Investment Profile defined by the Distributor or by the Insurer. The Insurer advises him to select an Investment Strategy corresponding to his Investment Profile.

The Policyholder may choose an Investment Strategy entailing exposure to a different level of risk than that described in his Investment Profile. An Investment Strategy with a higher risk level than that described in the Investment Profile could entail a greater risk of investment loss. An investment strategy with a lower risk level than that described in the Investment Profile remains capable of generating loss for the Policyholder. Such loss could take the form of investment loss but could equally consist of a failure to achieve desired investment gains or other objectives.

Should the Policyholder choose an Investment Strategy with a risk level that deviates from that described in his Investment Profile then he does so at his own risk and will bear any and all loss of any nature resulting therefrom.

Should the risk level of the chosen Investment Strategy be higher than the risk level of the Investment Profile, the Policyholder must complete the following section, giving the reasons for this choice.

**Reason why** for deviation from the Investment Profile (if applicable):

- The Policyholder acknowledges and understands that the selected Strategy is not in line with his Investment Profile. He agrees to select a more aggressive Strategy because this insurance policy only represents part of his overall invested wealth.
- The Policyholder acknowledges and expressly agrees that the selected Strategy will be more aggressive than his Investment Profile. He seeks higher returns and assumes risks of capital loss in pursuit of this return objective.
- Other reason, please explain:

The Policyholder acknowledges the potential risks relating to the chosen Investment Strategy.

The Policyholder has taken this decision on his own initiative, based on personal reasons and specific circumstances, at his own risk. He has had the opportunity to consult all relevant documentation prior to making this decision.

Consequently, the Policyholder asks the Insurer to execute his request.

The Insurer reserves the right not to carry out any transaction until the Policyholder has opted for an Investment Strategy corresponding to his Investment Profile or until the Policyholder has provided the Insurer with a completed and signed deviation request.

#### IV. CLASSIFICATION OF THE POLICYHOLDER

In accordance with CAA Circular Letter 15/3, the Policyholder will be assigned a category based on the invested Premium and the Policyholder's transferable wealth.

This classification determines which types of Fund the Policy can invest in and, for Internal Funds, the types of asset the Fund can invest in.

The Policyholder confirms that his Policy shall be subject to the investment rules as defined under CAA Circular Letter 15/3, if not already the case.

Transferable wealth is wealth in the form of transferable securities, equal to the total value of financial instruments held by the Policyholder, plus bank deposits and the value of life insurance and capitalisation contracts, less debts of any nature.

Premium to be invested:

Transferable wealth:

POLICYHOLDER CATEGORY	MINIMUM PREMIUM	TRANSFERABLE WEALTH
<input type="checkbox"/> Type A	EUR 125,000	EUR 250,000
<input type="checkbox"/> Type B	EUR 250,000	EUR 500,000
<input type="checkbox"/> Type C	EUR 250,000	EUR 1,250,000
<input type="checkbox"/> Type D	EUR 1,000,000	EUR 2,500,000

The Policyholder may request a change of category. The relevant forms are available from the Insurer upon request.
