Website for PRIIP Manufacturer: www.utmostinternational.com/priips

Phone Number: Call +352 34 61 91 1 for more information

Commissariat aux Assurances Luxembourg is responsible for supervising Utmost Luxembourg S.A. in relation to this Key Information Document.

Date of production of the KID: 31/10/2025

You are about to purchase a product that is not simple and may be difficult to understand.

WHAT IS THIS PRODUCT?

Type: Private Client Portfolio is a whole-of-life or mixed term unit-linked assurance product issued by Utmost Luxembourg S.A., (the "Insurer"), and governed by Gibraltar law. This product is a Packaged Retail and Insurance-based Investment Product ("PRIIPS"), as defined in Regulation (EU) No 1286/2014.

Term: This product is a whole-of-life or a mixed-term insurance contract, therefore, in case of: i) a policy for an indefinite period of time, it shall terminate upon: a) the death of the last life assured or b) upon total surrender of the policy by the policyholder or ii) a policy with death and survival cover, in which case it will end on the termination date specified in the application form, unless the prior death of the last life assured occurs or there is a total redemption of the policy by the policyholder. The Insurer is not entitled to terminate the product, unless otherwise provided by the applicable law.

Objectives: Private Client Portfolio is a life insurance product which provides an insurance benefit upon death or survival to a specific term of the relevant life assured. Upon policyholder(s) choice, the product can be linked to one of the investment options available under the product: (i) "Fixed Assets Option", (ii) "Fund Selection Option", (iii) "Discretionary Mandate Option". In the (ii) "Fund Selection Option", the policyholder (or any adviser he has authorised to do so) may select, and may only select: a) units in any Internal Fund established by the Insurer; and b) units in any external fund made available by the Insurer, provided that such fund and its fund assets are recognised as qualifying assets by the Luxembourg regulators and that such funds are predetermined in the web link accessible using an access code provided by the Insurer as part of the application process and are made available to all policyholders. The product investment return depends on the performance of the underlying assets which are influenced positively or negatively by the performance of the equity markets, the bond markets, by changes in the interest rates, by fluctuation of the foreign exchange rates and by any other economic factors. Further information about investment options can be obtained upon simple request from the Insurer or from the distributor or by visiting the webpage www.utmostinternational.com/priips.

Intended retail investor: The product is a medium to long term investment and is intended for policyholder(s) who are able to bear investment losses. The type of policyholder(s) to whom the product is intended to be marketed varies on the basis of the investment profile associated with the policy.

Insurance benefits and costs: In return for the payment of a single initial premium of minimum 1,000,000 GBP and any additional premium(s) of minimum 125,000 GBP each, the product will provide the policy proceeds when the insured event occurs, namely, upon death of the sole or last surviving life assured or, alternatively on the survival of a life assured to the specified term. Upon receipt of the death claim, the policy proceeds are equal to the cash surrender value generated after disinvestments plus a death benefit. The death benefit is set at one per cent of the cash surrender value and is limited to 5,000 GBP. No Charges for death benefit will be deducted from the policy value nor from the premiums paid and consequently the return of the policy value is not affected.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Risk Indicator

The risk indicator assumes you keep the product for 10 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less. You may not be able to end your product easily or may have to end at a price that significantly impacts on how much you get back. You may have to pay significant extra costs to cash in early.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

The risk and return of the investment varies on the basis of the underlying investment option(s). The overall performance depends on trends in the financial markets and other economic factors. Further information about investment options can be found on the relative specific information document.

Be aware of currency risk. You may receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

The product may include early exit penalties, which are described in the section "How long should I hold it and can I take my money out early?"

PERFORMANCE SCENARIO

RECOMMENDED HOLDING PERIOD: 10 YEARS
EXAMPLE INVESTMENT: £ 10,000
DEATH SCENARIO

	If you exit after 1 year	If you exit after 5 years	If you exit after 10 years
Insured event What your beneficiaries might get back after costs	from £ 10,070 to £ 10,660	from £ 10,520 to £ 13,630	from £ 10,330 to £ 18,640

The table shows what your beneficiaries might get back assuming your investment performs under the moderate scenarios. Markets could develop very differently in the future.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

Performance scenarios depend on the investment option chosen. Please refer to the relevant 'Specific Information Document' to view the possible performance scenarios.

WHAT HAPPENS IF UTMOST LUXEMBOURG S.A. IS UNABLE TO PAY OUT?

Utmost Luxembourg S.A. is subject to Luxembourg legislation governing the protection of insurance-linked assets. The underlying assets of its policies are segregated from the Insurer's own assets and liabilities and are deposited with an independent credit institution with the approval of the insurance regulator, the Commissariat aux Assurances. All such assets, other than cash deposits that are subject to a risk of total loss in case of failure of the custodian bank, are required to be held off-balance sheet at the credit institution. In the event of failure of the custodian bank, these assets should therefore be fully recovered. In the unlikely event of the failure of Utmost Luxembourg S.A., policyholders have a super-preferential right over the value of underlying assets. Furthermore, policyholders have a preferential right, which overrides any other right, except those defined by law, over the assets of the Insurer in the event that the segregated pool of underlying assets is not sufficient to cover all insurance claims. The above asset protection regime is neither a compensation scheme nor a guarantee scheme, such schemes not existing in Luxembourg. Investment risk in the underlying assets, including from the failure of an asset issuer or other investment counterparty, is borne by the policyholder. Should you require more information on policyholder protection, please do not hesitate to contact Utmost Luxembourg S.A.

WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- in the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- £ 10,000 is invested.

	IF YOU EXIT AFTER 1 YEAR	IF YOU EXIT AFTER 5 YEARS	IF YOU EXIT AFTER 10 YEARS
Total costs	from £ 185 to £ 226	from £ 962 to £ 1,389	from £ 1,964 to £ 3,970
Annual cost impact (*)	from 1.9% to 2.3%	from 1.8% to 2.2% each year	from 1.8% to 2.2% each year

(*) This illustrates how costs reduce your return each year over the holding period. We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Composition of costs

ONE-OFF COSTS UPON ENTRY OR EXIT	ANNUAL COST IMPACT IF YOU EXIT AFTER 10 YEARS
Entry costs	Annual impact of the costs on the amount you pay in when entering this investment. This is an estimate based on actual costs over the last year. 0.0%
Exit costs	These costs may apply only if you exit before the end of the recommended holding period. Exit costs are stated as "N/A" in the next column as they do not apply if you keep the product until the recommended holding period. N/A
ONGOING COSTS TAKEN EACH YEAR	
Management fees and other administrative or operating costs	Annual impact of the costs on the value of your investment per year. This is an estimate based on actual costs over the last year. from 1.6% to 2.1%
Transaction costs	This is an estimate of the costs incurred when buying and selling the underlying investments for the product. The actual amount will vary depending on how much is bought and sold. 0.2%
INCIDENTAL COSTS TAKEN UNDER SPECIFIC CONDITIONS	
Performance fees and carried interest	Certain underlying investments in the product may incur fees when their performance exceeds a given benchmark or rate of return. The methods for calculating these fees are defined by the investment manager, promoter or issuer of the underlying investments concerned. The actual amount will vary depending on how well your investment performs. The corresponding aggregated cost estimation includes the average over the last 5 years. 0.0%

Different costs apply depending on the investment amount, e.g. a higher investment amount may have a lower management fees.

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MY MONEY OUT EARLY?

Recommended minimum holding period: 10 years

Although the product is intended for medium to long term investment, there is no minimum or maximum holding period under the contract. There is a recommended holding period which corresponds to the higher between (i) the penalties period applied to the product in case of early surrender, and (ii) the highest investment horizon among the ones provided in the investment/profile strategy of each investment option. The

policyholder(s) can request in writing, dated and signed, to the Insurer (i) the partial or total redemption of the product or (ii) its cancellation, by registered letter, within thirty days after entry into force. In such cases, the policyholder(s) will get back the value of the contract after the divestment of the underlying fund (s): (i) net of applicable fees and mortality charges (if any), in case of redemption, or (ii) plus entry fees and taxes, net of mortality charges (if any), in case of cancellation. Any initial advice fee already paid to the adviser will not be refunded by the Insurer in the event of the cancellation option being exercised. The product may include penalties in case of redemption by the policyholder(s) within 5 years from each premium payment, unless otherwise provided in the contractual documents. In case of a total redemption or death claim, the value of the contract will be reduced by the recurring costs until the relevant payment date. An early exit does not have an impact on the risk or performance profile of the product. The product does not provide any guarantees of return and / or capital, nor any participation in the profits of the Insurer. For an indication of the applicable fees, please refer to the cost information in the section "What are the costs?"

HOW CAN I COMPLAIN?

The policyholder may address any complaint in writing to Utmost Luxembourg S.A. - Complaints Officer at the Insurer's address for correspondence. Should any complaint not be resolved to the policyholder's satisfaction, he may file a complaint with: the Commissariat aux Assurances, at 11 rue Robert Stumper, L-2557 Luxembourg, Grand-Duché de Luxembourg. Making a complaint will not prejudice the policyholder's right to take legal action. For more information on the complaints management process and on the CAA regulation on out-of-court complaint resolution, please refer to our Complaints Management Policy available on our website.
