Under international anti-money laundering and combatting terrorist financing requirements, financial services companies are required to take reasonable measures to establish the Source of Wealth of certain clients. The term 'Source of Wealth' extends further than the funds to be invested, referred to as 'Source of Funds', and relates to a client's entire body of wealth.

The type of client that Source of Wealth requirements relate to will either be Politically Exposed Persons (PEPs) or clients with certain attributes which, under international standards, are regarded as representing an enhanced risk.

This questionnaire seeks to obtain information and documentation to establish the Source of Wealth of such clients.
