

STAY IN TOUCH WITH YOUR INVESTMENTS WITH WEALTH INTERACTIVE

INTERACTIVE INVESTING FROM UTMOST INTERNATIONAL

You're investing a sizeable sum of money into your portfolio bond, so you have a right to expect complete visibility of its performance.

These days we expect to be able to control everything online, from our music collection to our bank accounts, so why should our offshore investments be any different?

As soon as you invest in your portfolio bond, you will be invited to get closer to your investments through our award-winning online service, Wealth Interactive. It's a totally secure site that gives you quick and easy access to everything you need to know about your bond including:

- › Its current and historic value
- › How the assets linked to your bond are performing
- › A library of the correspondence you've received from us
- › A history of the transactions you or your adviser have made
- › Access to factsheets for the assets you hold.

MORE THAN JUST A VIEWING PLATFORM

Wealth Interactive doesn't just let you look at your investments' activities - it allows both you and your adviser to carry out transactions online.

You can

- › manage your personal and policy details
- › create or update withdrawals
- › buy and sell assets following discussion with your adviser.

Some actions can have tax implications for you, or incur charges, so you should always discuss your investment with your adviser before making any decisions.

There are plenty of other actions that you can do, but these will depend on the product that you invest in. The online site will guide you through exactly what you can do.

Your adviser can, with your permission, carry out certain transactions on your behalf. Both of you have a 'dashboard' from which to view and control your investments.

SUPPORTING YOUR ADVISER TO HELP YOU ACHIEVE YOUR FINANCIAL GOALS

Wealth Interactive gives your adviser easy access to all the data, tools and insight they need to manage your portfolio and help maximise your wealth.

It also provides support and services to help them plan the portfolio of assets linked to your bond and keep it on course to achieve your long-term goals.

They can even request your online approval of transactions, such as buying and selling assets; speeding up the approval process and ensuring that transactions happen faster.

HOW DO I ACCESS WEALTH INTERACTIVE?

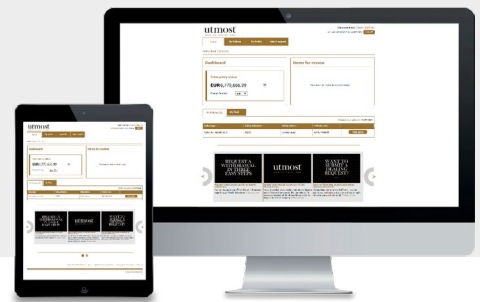

Access to the service is easy to set up.

- › Your adviser will enter your application details for the portfolio bond online via Wealth Interactive.
- › Once this application is completed and submitted, Utmost International will email you a link that lets you register for your Wealth Interactive online service account. You need to do this within 90 days of receiving the email.
- › You will need to sign in to your online service account to approve your bond application before you submit it to us, or amend it and return it to your adviser.
- › Once we have received your investment and your policy starts, you can sign in to Wealth Interactive whenever you want to review your policy and carry out key transactions through your secure online service account. You can then find all the information you need about your investment with us in one place.

BUILT WITH YOU IN MIND

Sometimes when you invest, it can feel like you've cast your money adrift and given up all control. We don't believe it has to be like that. So, above all else, we designed Wealth Interactive to be clear, intuitive and easy to navigate.

Altogether, the service should make investing a much more interesting and engaging process for you, so you really feel close to your own investments.
